Where to Learn More About the Fund

This page has been left blank intentionally.

Investment Objective

The Fund seeks to invest in geographically specific debt securities located in portions of the United States designated by Fund shareholders.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund. You may qualify for sales charge discounts on purchases of Class A shares of the Fund if you and your family invest, or agree to invest in the future, at least \$100,000 in the Fund. More information about these and other discounts is available from your financial professional and under the subheading “Reducing the Initial Sales Charge on Purchases of Class A Shares” on page 30 of this Prospectus.

	Class A	Class I
Shareholder Fees (fees paid directly from your investment)		
Maximum Sales Charge (Load) Imposed on Purchases (as a % of offering price)	3.75%	None
Maximum Deferred Sales Charge (Load) (as a % of offering or sales price, whichever is less)	None ¹	None
Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)		
Management Fees	0.50%	0.50%
Distribution and Service (12b-1) Fees	0.25%	None
Other Expenses (includes 0.06% Interest Expense)	0.35%	0.14%
Total Annual Fund Operating Expenses ²	1.10%	0.64%
Fee Waiver and/or Expense Reimbursement	(0.09)%	(0.00)%
Total Annual Fund Operating Expenses after Fee Waiver and/or Expense Reimbursement	1.01%	0.64%

- 1 A 1.00% Contingent Deferred Sales Charge (“CDSC”) is imposed on redemptions of Class A shares made within 12 months of a purchase of \$1 million or more of Class A shares on which no front-end sales charge was paid.
- 2 The Advisor has contractually agreed to waive fees and/or pay operating expenses in order to limit the Fund’s total expenses (excluding brokerage and other investment-related costs, interest, taxes, dues, fees and other charges of governments and their agencies, extraordinary expenses such as litigation and indemnification, other expenses not incurred in the ordinary course of the Fund’s business and acquired fund fees and expenses) to 0.95% of the Fund’s average daily net assets for Class A shares and 0.70% for Class I shares. The expense limitation agreement is in place until January 31, 2018 and may not be terminated by the Advisor prior to that date. The Advisor is entitled to recoup from the Fund or class the fees and/or operating expenses during any of the previous 12 months, provided the Fund is able to do so and remain in compliance with the expense limitation in place at the time the fees were waived or expenses paid. The expense limitation agreement may be revised or terminated by the Fund’s board of trustees if the board consents to a revision or termination as being in the best interests of the Fund. The Fund may not, however, recapture prior year expenses incurred under previous expense cap arrangements solely because of an increase in the current year’s expense cap.

Example: This example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same. The costs for the Fund reflect the net expenses of the Fund that result from the contractual expense limitation in the first year only. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	Class A	Class I
One Year	\$ 474	\$ 65
Three Years	\$ 703	\$ 205
Five Years	\$ 950	\$ 357
Ten Years	\$1,657	\$ 798

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund's performance. During the most recent fiscal year, the Fund's portfolio turnover rate was 13% of the average value of its portfolio.

Principal Investment Strategies

The Fund seeks to achieve its investment objective by investing primarily in high quality debt securities and other debt instruments supporting affordable housing and community development and servicing low- and moderate-income ("LMI") individuals and communities in areas of the United States designated by Fund shareholders. Within those parameters, the Fund seeks a competitive return consisting of current income and capital appreciation. The Fund defines instruments supporting the "affordable housing industry" to include mortgage-backed securities, small business loans, municipal securities, and other instruments supporting affordable housing and community development, and serving LMI individuals and communities. These investments may involve private placement transactions and may include variable rate instruments. The Fund is non-diversified and, therefore, compared to a diversified investment company, the Fund may invest a greater percentage of its assets in securities of a particular issuer. The Fund may borrow money from banks and enter into reverse repurchase agreements to obtain additional funds to make investments.

Community Investments. At the time of their share purchase, investors meeting certain investment levels may elect to have their investment amount invested in particular areas of the United States as their preferred geographic focus or Designated Target Region. If, after six months, the Advisor is unable to make appropriate investments in a shareholder's Designated Target Region, the shareholder will have the option to redefine its Designated Target Region.

Each shareholder's returns will be based on the investment performance of the Fund's blended overall portfolio of investments and not just on the performance of the assets in the Designated Target Region(s) selected by that shareholder.

The Fund expects that substantially all or most of its investments will be considered eligible for regulatory credit under the Community Reinvestment Act of 1977 ("CRA") and that shares of the Fund will be eligible for regulatory credit under the CRA. The Fund intends to invest solely in qualified investments in Designated Target Regions.

Investment Program. The Fund is designed for investors seeking a competitive return on high quality debt securities that support affordable housing and/or underlying community development activities in distinct parts of the United States. Not all of the investors in the Fund are subject to CRA requirements, but may be seeking to make investments in underserved communities or to fulfill other socially responsible related investment objectives. Investors that are not subject to CRA requirements do not receive CRA credit for their investments.

Concentration in the Affordable Housing Industry. The Fund concentrates in the affordable housing industry, which means it will invest at least 25% of its total assets in the affordable housing industry. The Fund may, however, invest up to 100% of its total assets in the affordable housing industry. The Fund will invest a significant amount of its assets in securities issued by Government National Mortgage Association ("Ginnie Mae") and government sponsored enterprises ("GSEs"), such as the Federal National Mortgage Association ("Fannie Mae") and Federal Home Loan Mortgage Corporation ("Freddie Mac"), Federal Housing Administration ("FHA") project loans, and tax-exempt debt issued by state housing finance authorities ("HFAs") to finance their work in affordable housing.

Credit Quality. The Fund will invest at least 75% of its total assets in securities (i) having a rating in the highest rating category assigned by a nationally recognized statistical rating organization; or (ii) if unrated, deemed by the Advisor to be of comparable quality to securities which are so rated; or (iii) issued or guaranteed by the U.S. Government, government agencies, or GSEs (together, "First Tier Holdings"). The remainder of the Fund's total assets will be invested in First Tier Holdings or in securities rated at least in the second highest category assigned by a nationally recognized statistical rating organization, or, if unrated, deemed by the Advisor to be of comparable quality.

Duration. From time to time, the Advisor may seek to maintain an overall average dollar-weighted portfolio duration for the Fund that is within certain percentage ranges (such as 25%) above or below a selected benchmark index. The duration of a bond is a measure of the approximate price sensitivity to changes in interest rates and is expressed in years. The longer the duration of the bond, the more sensitive the bond's price is to changes in interest rates. The Advisor may use interest rate futures contracts, options on futures contracts and swaps to manage the Fund's target duration.

Principal Risks

The value of your investment in the Fund will change daily, which means that you could lose money. **An investment in the Fund is not a bank deposit and is not insured or guaranteed by the Federal Deposit Insurance Corporation (“FDIC”) or any other government agency.** By itself, the Fund is not a balanced investment program. There is no guarantee that the Fund will meet its goal. The principal risks of investing in the Fund include:

Active Management Risk. The Fund is subject to management risk because it is an actively managed investment portfolio. The Advisor and each individual portfolio manager will apply investment techniques and risk analyses in making investment decisions for the Fund, but there can be no guarantee that these decisions will produce the desired results. Additionally, legislative, regulatory, or tax restrictions, policies or developments may affect the investment techniques available in connection with managing the Fund and may also adversely affect the ability of the Fund to achieve its investment objective.

Call Risk. Call risk is the chance that during periods of falling interest rates, a bond issuer will “call” – or repay – a high-yielding bond before its maturity date. Forced to reinvest the unanticipated proceeds at lower interest rates, the Fund would experience a decline in income.

Concentration Risk. The Fund’s investments are expected to be closely tied to the affordable housing industry and its performance may be more volatile than the performance of a fund that does not concentrate its investments in a particular economic industry or sector.

Coordination of Investments Risk. Many of the fixed-income private placement debt securities purchased by the Fund are developed by a variety of organizations that rely on other entities. A lack of interest of other entities in developing investments could adversely affect the economic and financial objectives of the Fund. A limited or dwindling supply of funds available for credit enhancement on Fund investments may adversely affect full realization of the Fund’s investment objective. Regulatory or statutory changes may affect the willingness or ability of housing related entities to work in the affordable housing private placement area.

CRA Strategy Risk. Portfolio decisions take into account the Fund’s goal of holding securities in designated geographic areas and will not be exclusively based on the investment characteristics of the securities, which may or may not have an adverse effect on the Fund’s investment performance. CRA qualified securities in geographic areas sought by the Fund may not provide as favorable a return as CRA qualified securities in other geographic areas. The Fund may sell securities for reasons relating to CRA qualification at times when such sales may not be desirable and may hold short-term investments that produce relatively low yields pending the selection of long-term investments believed to be CRA qualified.

Duration Management Risk. The Fund’s investments in derivative instruments that are intended to manage duration can result in sizeable

realized and unrealized capital gains and losses relative to the gains and losses from the Fund's investments in bonds and other securities.

U.S. Government Obligations Risk. Obligations of U.S. Government agencies, authorities, instrumentalities and sponsored enterprises (such as Fannie Mae and Freddie Mac) have historically involved little risk of loss of principal if held to maturity. However, the maximum potential liability of the issuers of some of these securities may greatly exceed their current resources and no assurance can be given that the U.S. Government would provide financial support to any of these entities if it is not obligated to do so by law. In September 2008, the U.S. Treasury and the Federal Housing Finance Agency ("FHFA") announced that Fannie Mae and Freddie Mac would be placed into a conservatorship under FHFA. The effect that this conservatorship will have on the entities' debt and securities guaranteed by the entities remains unclear. Fannie Mae and Freddie Mac are continuing to operate as going concerns while in conservatorship and each remains liable for all of its obligations, including its guaranty obligations, associated with its mortgage-backed securities.

Interest Rate Risk. The Fund's yield will fluctuate as the general level of interest rates change. During periods when interest rates are low, the Fund's yield will also be low. The values of some or all of the Fund's investments may change in response to movements in interest rates. If interest rates rise, the values of debt securities will generally fall and vice versa. In general, the longer the average maturity or duration of the Fund's investment portfolio, the greater the sensitivity to changes in interest rates. Interest rate changes are influenced by a number of factors including government policy, inflation expectations, and supply and demand. The Fund assumes the risk that the value of the security at delivery may be more or less than the purchase price.

Issuer/Credit Risk. There is a possibility that issuers of securities in which the Fund may invest may default on the payment of interest or principal on the securities when due, which would cause the Fund to lose money. There can be no assurance of the continued availability of support from GSEs, HFAs, or other credit enhancers and changes in their credit ratings may constrain their value to the Fund as potential sources of credit enhancement.

Large Shareholder Transactions Risk. The Fund may experience adverse effects when certain large shareholders purchase or redeem large amounts of shares of the Fund. Such large shareholder redemptions may cause the Fund to sell portfolio securities at times when it would not otherwise do so, which may negatively impact the Fund's NAV and liquidity.

Leverage Risk. Leverage may result from certain transactions, borrowing and reverse repurchase agreements. Leverage may exaggerate the effect of a change in the value of the Fund's portfolio securities, causing the Fund to be more volatile than if leverage was not used.

Liquidity Risk. The Fund may invest up to 15% of its net assets in illiquid securities or repurchase agreements with a maturity longer than seven days. There can be no assurance that a market will exist for an illiquid security at a certain time and it may be difficult or impossible to sell illiquid securities at desirable prices.

Market Risk. The markets in which the Fund invests may go down in value, sometimes sharply and unpredictably. The success of the Fund's investment program may be affected by general economic and market conditions, such as interest rates, availability of credit, inflation rates, economic uncertainty, changes in laws, and national and international political circumstances. Unexpected volatility or illiquidity could impair the Fund's profitability or result in losses.

Non-Diversified Fund Risk. As a non-diversified fund, the Fund may invest a larger portion of its assets in fewer issuers and be more sensitive to any single economic, business, political or regulatory occurrence than a diversified fund.

Prepayment Risk. The value of some mortgage-backed and asset-backed securities in which the Fund invests may fall due to unanticipated levels of principal prepayments that can occur when interest rates decline.

Qualification for CRA Credit Risk. For an institution to receive CRA credit with respect to Fund shares, the Fund must hold CRA qualifying investments that relate to the institution's delineated CRA assessment area. The Fund expects that substantially all or most investments will be considered eligible for regulatory credit under the CRA but there is no guarantee that an investor will receive CRA credit for their investment in the Fund.

Performance Information

The bar chart and performance table provide an indication of the risks of an investment in the Fund by showing changes in performance from year to year and by showing how the Fund's average annual total returns (before and after taxes) compare with those of broad-based securities indexes. The returns for Class A shares may be different than the returns of Class I shares shown in the bar chart and performance table because expenses of the two classes differ. The bar chart shows the Fund's performance for the past ten calendar years. The Fund commenced operations on July 28, 2008 and the performance reflects the returns of a predecessor fund for the periods prior to July 28, 2008. The Fund's performance was restated in September 2009 to reflect (i) corrections in the amounts of certain historical dividend payments, and (ii) corrections to dates during the 2003 through 2006 time period on which certain dividend payments were reinvested. Past performance (before and after taxes) does not indicate how the Fund will perform in the future. Updated information on the Fund's performance can be obtained by visiting www.rbcgam.us or by calling 1-800-422-2766.

Annual Total Returns for Class I Shares

During the periods shown in the chart for Class I shares of the Fund:

	Quarter	Year	Returns
Best quarter:	Q1	2009	3.39%
Worst quarter:	Q2	2013	(2.28)%

Performance Table

The table below shows after-tax returns for Class I shares only. Before-tax returns for Class A shares assume applicable maximum sales charges. After-tax returns for Class A shares will differ. After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown. After-tax returns shown are not relevant to investors who hold Fund shares through tax-deferred arrangements such as qualified retirement plans. The inception date of the Fund (Class I) is June 23, 1998. Since inception performance is based on an inception date of July 1, 1998. Performance shown for Class A prior to its inception date (January 29, 2009) is based on the performance of Class I shares, adjusted to reflect the fees and expenses of Class A shares and the applicable sales charges. Each index below shows how the Fund's performance compares with the returns of a broad-based securities market index.

Average Annual Total Returns (for the periods ended December 31, 2016)

	Past Year	Past 5 Years	Past 10 Years	Since Inception
Class I Return Before Taxes	1.67%	2.02%	3.72%	4.37%
Class I Return After Taxes on Distributions	0.37%	0.57%	2.10%	2.50%
Class I Return After Taxes on Distributions and Sale of Shares	0.95%	0.92%	2.23%	2.62%
Class A Return Before Taxes	(2.43)%	0.93%	3.07%	3.86%
Bloomberg Barclays U.S. Securitized Index (reflects no deduction for fees, expenses or taxes; inception calculated from June 30, 1998)	1.77%	2.14%	4.23%	4.94%
Bloomberg Barclays U.S. Aggregate Bond Index (reflects no deduction for fees, expenses or taxes; inception calculated from June 30, 1998)	2.65%	2.23%	4.34%	4.98%

Investment Advisor

RBC Global Asset Management (U.S.) Inc.

Portfolio Managers

The following individuals are jointly and primarily responsible for the day-to-day management of the Fund's portfolio:

- Brian Svendahl, Managing Director and Senior Portfolio Manager of the Advisor, has been a Co-Portfolio Manager of the Fund, and its predecessor, since 2006.
- Scott Kirby, Senior Portfolio Manager of the Advisor, has been a Co-Portfolio Manager of the Fund since 2012.

Tax Information

The Fund's distributions generally are taxable to you as ordinary income, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or individual retirement account, in which case you may be taxed later upon withdrawal of your investment from such arrangement.

For important information about "Purchase and Sale of Fund Shares" and "Payments to Broker-Dealers and Other Financial Intermediaries," please turn to "Important Additional Information" on page 9 of this Prospectus.

Important Additional Information

Purchase and Sale of Fund Shares

You may purchase or redeem (sell) shares of the Fund by phone (1-800-422-2766), by mail (RBC Funds, c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, WI 53201-0701) or by wire. The following table provides the Fund's minimum initial and subsequent investment requirements, which may be reduced or modified in some cases.

<i>Minimum Initial Investment:</i>	
Class A	\$2,500 (\$250 IRA)
Class I	\$1,000,000 (\$0 through Qualified Retirement Benefit Plans)
<i>Minimum Subsequent Investment:</i>	
Class A	None
Class I	None

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and/or the Advisor may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

More on the Fund's Investment Objective, Principal Investment Strategies and Principal Risks

Investment Objective

The Fund's investment objective described in the "Fund Summary" section of this Prospectus is fundamental and cannot be changed without shareholder approval.

Principal Investment Strategies

The information below describes in greater detail the Fund's principal investment strategies and risks. A full discussion of all permissible investments can be found in the Fund's Statement of Additional Information ("SAI").

The Fund seeks to achieve its investment objective by investing primarily in high quality debt securities and other debt instruments supporting affordable housing and community development and servicing LMI individuals and communities in areas of the United States designated by Fund shareholders. The Fund's investments generally support community development, for example by supporting job creation or local business development. Within those parameters, the Fund seeks a competitive return consisting of current income and capital appreciation. The Fund defines instruments supporting the "affordable housing industry" to include mortgage-backed securities, small business loans, municipal securities, and other instruments supporting affordable housing and community development, and serving LMI individuals and communities. These investments may involve private placement transactions and may include variable rate instruments. The Fund is non-diversified and, therefore, compared to a diversified investment company, the Fund may invest a greater percentage of its assets in securities of a particular issuer. The Fund may borrow money from banks and enter into reverse repurchase agreements to obtain additional funds to make investments.

Community Investments. At the time of their share purchase, investors meeting certain investment levels may elect to have their investment amount invested in particular areas of the United States as their preferred geographic focus or Designated Target Region. If, after six months, the Advisor is unable to make appropriate investments in a shareholder's Designated Target Region, the shareholder will have the option to redefine its Designated Target Region. Each shareholder's returns will be based on the investment performance of the Fund's blended overall portfolio of investments and not just on the performance of the assets in the Designated Target Region(s) selected by that shareholder.

The Fund expects that substantially all or most of its investments will be considered eligible for regulatory credit under the CRA and that shares of the Fund will be eligible for regulatory credit under the CRA. In Interagency Questions and Answers Regarding Community Reinvestment published in 2009 and revised in 2016, the federal bank supervisory agencies state that nationwide funds are important sources of investments for low- and moderate-income and underserved communities throughout the country and can be an efficient vehicle for institutions in making qualified investments that help meet community development needs.

More on the Fund's Investment Objective, Principal Investment Strategies and Principal Risks

The Fund intends to invest solely in qualified investments in Designated Target Regions. In most cases, “qualified investments” are required to be responsive to the community development needs of a financial institution’s delineated CRA assessment area or a broader statewide or regional area that includes the institution’s assessment area. However, in a CRA examination of an institution that has been designated as “wholesale” or “limited purpose” by its regulator, if the examiner finds that the institution has adequately addressed the needs of its assessment areas, the examiner will give consideration to qualified investments by the institution nationwide. (Wholesale and limited purpose institutions are certain institutions that offer narrow product lines or are not in the business of extending certain types of loans to retail customers.) In certain other cases investments outside an institution’s assessment area may be eligible for CRA credit (for example, certain investments that serve designated disaster areas).

Investment Program. The Fund is designed for investors seeking a competitive return on high quality debt securities that support affordable housing and/or underlying community development activities in distinct parts of the United States. Not all of the investors in the Fund are subject to CRA requirements, but may be investors seeking a fixed income investment with high credit quality to assist in their asset allocation program. Investors may also be seeking to make investments in underserved communities or to fulfill other socially responsible or mission related investment objectives. Investors that are not subject to CRA requirements do not receive CRA credit for their investments.

Investments in which the Fund may invest include, but are not limited to, 15- and 30-year fixed rate one- to four-family mortgage-backed securities, adjustable rate one- to four-family mortgage-backed securities, multifamily mortgage-backed securities, securitized adjustable rate small business loans, fixed rate small business loans, taxable municipal securities, securitized student loans and structured investments.

Concentration in the Affordable Housing Industry. Under the prevailing definition of the phrase “industry concentration,” the Fund will be concentrated in the affordable housing industry. This means that the Fund will invest at least 25% of its total assets in the affordable housing industry. The Fund may, however, invest up to 100% of its total assets in the affordable housing industry.

As a result of its concentration in the affordable housing industry, the Fund will invest a significant amount of its assets in securities issued by Ginnie Mae and GSEs, such as Fannie Mae and Freddie Mac, FHA project loans, and tax-exempt debt issued by state HFAs to finance their work in affordable housing. Ginnie Mae securities are direct obligations of the U.S. Government and are backed by the full faith and credit of the U.S. Government. FHA project loans are mortgage loans insured by the FHA and backed by the full faith and credit of the U.S. Government. Fannie Mae and Freddie Mac securities are not backed by the full faith and credit of the U.S. Government. As of September 7, 2008, the FHFA has been appointed to be the conservator of Fannie Mae and Freddie Mac for an indefinite period. As conservator, the FHFA will control

More on the Fund's Investment Objective, Principal Investment Strategies and Principal Risks

and oversee the entities until the FHFA deems them financially sound and solvent. During the conservatorship, each entity's obligations are expected to be paid in the normal course of business. Although no guarantee exists for the debt or mortgage-backed securities issued by Fannie Mae and Freddie Mac, the U.S. Department of Treasury, through a secured lending credit facility and a Senior Preferred Stock Purchase Agreement, has enhanced the ability of these entities to meet their obligations.

Credit Quality. The Fund will invest at least 75% of its total assets in securities (i) having a rating (or a credit enhancement by one or more entities having a rating) in the highest rating category assigned by a nationally recognized statistical rating organization (e.g., at least "Aaa" from Moody's Investors Service, Inc. or "AAA" from Standard & Poor's Financial Services LLC); or (ii) if unrated, deemed by the Advisor to be of comparable quality to securities which are so rated; or (iii) issued or guaranteed by the U.S. Government, government agencies, or GSEs (together, "First Tier Holdings"). The remainder of the Fund's total assets will be invested in First Tier Holdings or in securities rated at least in the second highest category assigned by a nationally recognized statistical rating organization, or, if unrated, deemed by the Advisor to be of comparable quality. For purposes of these policies, ratings categories are without regard to sub-categories or gradations indicating relative standing within a category. These credit quality guidelines apply to securities at the time of purchase. Subsequent changes in credit quality, including downgrades due to changes in status of credit enhancers, will not require automatic action by the Fund.

Duration. From time to time, the Advisor may seek to maintain an overall average dollar-weighted portfolio duration for the Fund that is within certain percentage ranges above or below a selected benchmark index. The duration of a bond is a measure of the approximate price sensitivity to changes in interest rates, and is expressed in years. The longer the duration of the bond, the more sensitive the bond's price is to changes in interest rates. The Advisor may use interest rate futures contracts, options on futures contracts and swaps to manage the Fund's target duration.

Investing for Temporary Defensive Purposes. The Fund may respond to adverse market, economic, political or other conditions by investing up to 100% of its assets in temporary defensive instruments, such as cash, short-term debt obligations or other high quality investments. This could prevent losses, but, if the Fund is investing defensively, it may not be investing according to its principal investment strategy and may not achieve its investment objective.

Principal Risks

The Fund is affected by changes in the economy, or in securities and other markets. There is also the possibility that investment decisions the Advisor makes with respect to the investments of the Fund will not accomplish what they were designed to achieve or that the investments will have disappointing performance.

More on the Fund's Investment Objective, Principal Investment Strategies and Principal Risks

Because the Fund holds securities with fluctuating market prices, the value of the Fund's shares will vary as its portfolio securities increase or decrease in value. Therefore, the value of your investment in the Fund could go down as well as up and you can lose money by investing in the Fund.

Your investment is not a bank deposit, and it is not insured or guaranteed by the FDIC or any other government agency, entity, or person.

The principal risks of investing in the Fund are identified in the "Fund Summary" section of this Prospectus and are further described below.

Active Management Risk. The Fund is subject to management risk because it is an actively managed investment portfolio. The Advisor and each individual portfolio manager will apply investment techniques and risk analyses in making investment decisions for the Fund, but there can be no guarantee that these decisions will produce the desired results. Additionally, legislative, regulatory, or tax restrictions, policies or developments may affect the investment techniques available in connection with managing the Fund and may also adversely affect the ability of the Fund to achieve its investment objective.

Call Risk. Call risk is the chance that during periods of falling interest rates, a bond issuer will "call" – or repay – a high-yielding bond before its maturity date. Forced to reinvest the unanticipated proceeds at lower interest rates, the Fund would experience a decline in income and the potential for taxable capital gains. Call risk is generally higher for longer-term bonds.

Concentration Risk. The Fund's investments are expected to be closely tied to the affordable housing industry. As a result, its performance may be more volatile than the performance of a fund that does not concentrate its investments in a particular economic industry or sector.

Coordination of Investments Risk. Many of the fixed-income private placement debt securities purchased as Fund investments will be uniquely structured to achieve the financial and economic objectives of the Fund. The Advisor will often play a significant role in the structuring of Fund investments. The development of such securities will often require the Advisor to cooperate with a variety of organizations, including but not limited to financial institutions, foundations, state agencies, community groups, national credit enhancers, and other government entities. A lack of interest of other entities in developing investments could adversely affect the realization of the economic and financial objectives of the Fund. The success of developing credit enhancement for Fund investments will depend, in large part, on the availability of funds these organizations have for such activity and/or the amount of payment they expect to receive for their credit guarantees. A limited or dwindling supply of funds available for credit enhancement on Fund investments may adversely affect full realization of the Fund's investment objective. Regulatory or statutory changes may affect the willingness or ability of housing related entities to work in the affordable housing private placement area.

More on the Fund's Investment Objective, Principal Investment Strategies and Principal Risks

CRA Strategy Risk. The Advisor will take into account the Fund's goal of holding securities in designated geographic areas in determining which securities the Fund will purchase and sell. Accordingly, portfolio decisions will not be exclusively based on the investment characteristics of the securities, which may or may not have an adverse effect on the Fund's investment performance. CRA qualified securities in geographic areas sought by the Fund may not provide as favorable return as CRA qualified securities in other geographic areas. In addition, the Fund may sell securities for reasons relating to CRA qualification, at times when such sales may not be desirable for investment purposes (for example, if a shareholder redeems its shares of the Fund, or if investments are ultimately determined not to be, or to have ceased to be, CRA qualifying). Further, the Fund may hold short-term investments that produce relatively low yields pending the selection of long-term investments believed to be CRA qualified.

Duration Management Risk. The Fund's investments in derivative instruments that are intended to manage duration can result in sizeable realized and unrealized capital gains and losses relative to the gains and losses from the Fund's investments in bonds and other securities.

U.S. Government Obligations Risk. Obligations of U.S. Government agencies, authorities, instrumentalities and sponsored enterprises (such as Fannie Mae and Freddie Mac) have historically involved little risk of loss of principal if held to maturity. However, the maximum potential liability of the issuers of some of these securities may greatly exceed their current resources and no assurance can be given that the U.S. Government would provide financial support to any of these entities if it is not obligated to do so by law. In September 2008, the U.S. Treasury and the FHFA announced that Fannie Mae and Freddie Mac would be placed into a conservatorship under FHFA. The effect that this conservatorship will have on the entities' debt and securities guaranteed by the entities is unclear. Fannie Mae and Freddie Mac are continuing to operate as going concerns while in conservatorship and each remains liable for all of its obligations, including its guaranty obligations, associated with its mortgage-backed securities.

Interest Rate Risk. The values of some or all of the Fund's investments may change in response to movements in interest rates. If interest rates rise, the values of debt securities will generally fall and vice versa. In general, the longer the average maturity or duration of the Fund's investment portfolio, the greater the sensitivity to changes in interest rates. Interest rate changes are influenced by a number of factors including government policy, inflation expectations, and supply and demand. The Fund assumes the risk that the value of the security at delivery may be more or less than the purchase price. Maturities for securities held by the Fund will vary by type of investment. For example, mortgage-backed securities will typically have maturities up to thirty years while securitized small business loan transactions may have maturities of up to ten years. Given that the Federal Reserve Board has begun, and may continue, to raise interest rates, the Fund may face a heightened level of interest rate risk.

More on the Fund's Investment Objective, Principal Investment Strategies and Principal Risks

Issuer/Credit Risk. Issuer/credit risk is the risk that the issuers of debt securities held by the Fund will not make payments on the securities or the counterparty to a contract will default on its obligation. There can be no assurance of the continued availability of support from GSEs, HFAs, or other credit enhancers for Fund investments. Changes in credit ratings of GSEs, HFAs, or private credit enhancers may constrain their value to the Fund as potential sources of credit enhancement. Information about a security's credit quality may be imperfect and a security may have its credit rating unexpectedly downgraded at any time.

Large Shareholder Transactions Risk. The Fund may experience adverse effects when certain large shareholders purchase or redeem large amounts of shares of the Fund. Such large shareholder redemptions may cause the Fund to sell portfolio securities at times when it would not otherwise do so, which may negatively impact the Fund's net asset value ("NAV") and liquidity. Similarly, large Fund share purchases may adversely affect the Fund's performance to the extent that the Fund is delayed in investing new cash and is required to maintain a larger cash position than it ordinarily would. Large redemptions also could accelerate the realization of capital gains, increase the Fund's transaction costs and impact the Fund's performance.

Leverage Risk. Leverage may result from certain transactions, borrowing and reverse repurchase agreements. Leverage may exaggerate the effect of a change in the value of the Fund's portfolio securities, causing the Fund to be more volatile than if leverage was not used. The Fund will reduce leverage risk by either segregating an equal amount of liquid assets or "covering" the transactions that introduce such risk. The Fund also expects to be required to pledge portfolio assets as collateral for its borrowings. If the Fund is unable to service the borrowings, the Fund may risk the loss of such pledged assets. Lenders also may require that the Fund agree to loan covenants that could restrict its investment flexibility in the future, and loan agreements may provide for acceleration of the maturity of the indebtedness if certain financial tests are not met. The Fund may be required to dispose of or seek prepayment of assets at a time it would otherwise not do so to repay indebtedness in a timely fashion.

Liquidity Risk. The Fund may invest up to 15% of its net assets in illiquid securities or repurchase agreements with a maturity longer than seven days. There can be no assurance that a market will exist for any particular illiquid security at any particular time. It may be difficult or impossible to sell illiquid securities at desirable prices due to lack of marketability.

Market Risk. One or more markets in which the Fund invests may go down in value, sometimes sharply and unpredictably, and the value of the Fund's portfolio securities may fall or fail to rise. Market risk may affect a single issuer, sector of the economy, industry or the market as a whole. Events in one market may adversely impact a seemingly unrelated market. The success of the Fund's investment program may be affected by general economic and market conditions, such as interest rates, availability of credit, inflation rates, economic uncertainty, changes in laws, and national and

More on the Fund's Investment Objective, Principal Investment Strategies and Principal Risks

international political circumstances. These factors may affect the level and volatility of securities prices and the liquidity of investments held by the Fund. Unexpected volatility or illiquidity could impair the Fund's profitability or result in losses.

Non-Diversified Fund Risk. Because the Fund is non-diversified and, therefore, may hold larger positions in fewer securities than other funds, a single security's increase or decrease in value may have a greater impact on the Fund's value and total return. The Fund's performance may be more volatile than diversified funds.

Prepayment Risk. The value of some mortgage-backed and asset-backed securities in which the Fund invests also may fall because of unanticipated levels of principal prepayments that can occur when interest rates decline. Principal and interest payments on such securities depend on payment of the underlying loans, though issuers may support creditworthiness via letters of credit or other instruments.

Qualification for CRA Credit Risk. For an institution to receive CRA credit with respect to Fund shares, the Fund must hold CRA qualifying investments that relate to the institution's delineated CRA assessment area. The Fund expects that substantially all or most investments made by the Fund will be considered eligible for regulatory credit under the CRA. There is no guarantee, however, that an investor will receive CRA credit for its investment in the Fund. For example, a state banking regulator may not consider the Fund eligible for regulatory credit. If CRA credit is not given, there is a risk that an investor may not fulfill its CRA requirements.

Additional Risks

In addition to the principal investment risks described above, the Fund will generally be subject to the following additional risks:

Operational Risk. The Fund's investments may be adversely affected due to the operational process of the Fund's service providers, including the Advisor, transfer agent, custodian or administrator. The Fund may be subject to losses arising from inadequate or failed internal controls, processes and systems, or from human or external events.

Liquidation Risk. To the extent authorized by law, the Fund reserves the right to discontinue offering shares at any time, merge, reorganize itself or any class of shares or cease operations and liquidate.

Regulatory Risk. Entities that are part of banking organizations, such as the Advisor and its affiliates, are subject to extensive government regulation. Government regulation may change frequently and may have significant effects, including limiting the ability of the Advisor and its affiliates from engaging in certain trading activities, which may adversely impact the Funds. For example, the so-called "Volcker Rule" prohibits the Advisor and its affiliates from engaging in certain trading activities. A Fund may be adversely impacted by this rule if the Advisor or its affiliates own 25% or more of the Fund's shares outside of any seeding period permitted by the rule. Generally, the permitted seeding period is three years from the implementation of the

More on the Fund's Investment Objective, Principal Investment Strategies and Principal Risks

Fund's investment strategy. These restrictions may prevent a Fund from maintaining sufficient seed capital and may cause the Fund to liquidate at the end of the period if the Fund is not able to achieve sufficient scale. Funds that are not managed by entities that are part of banking organizations are not subject to these limitations.

Designated Target Regions

At the time of their share purchase, investors meeting certain investment levels may elect to have their investment amounts invested in particular areas of the United States as their preferred geographic focus or Designated Target Region. Regulated financial institutions make a Designated Target Region election for their investment for purposes of seeking CRA credit. Others may do so to target their investments to their community or jurisdiction. Investors who purchase under \$500,000 are not eligible to select a Designated Target Region. Investors who purchase between \$500,000 and \$999,999 may elect to allocate their investment to a Designated Target Region at a single state or multiple state level. Investors who purchase over \$1 million may elect to allocate their investment to a Designated Target Region in a single or multiple state, Metropolitan Statistical Area, county, or city. In determining whether an investor is eligible to elect to allocate a particular investment to a Designated Target Region, that investment will be aggregated with the investor's existing account value. Investors who do not select or are ineligible to select a Designated Target Region will be assigned to any geography within the United States determined by the Advisor. If eligible, an investor may elect a Designated Target Region by completing the appropriate section of the account application.

Each investor will be a shareholder of the Fund. The financial returns on a shareholder's investment will be determined by that shareholder account's proportionate share of the total assets in the Fund's blended overall portfolio, not by the performance of the assets in the Designated Target Region(s) selected by that shareholder.

Community Investments

Community Reinvestment Act of 1977. The CRA requires the three federal bank supervisory agencies, the Federal Reserve Board ("FRB"), the Office of the Comptroller of the Currency ("OCC") and the FDIC, to encourage the institutions they regulate to help meet the credit needs of their local communities, including LMI neighborhoods. Each agency has promulgated rules for evaluating and rating an institution's CRA performance which, as the following summary indicates, vary according to an institution's asset size and business lines. An institution's CRA performance can also be adversely affected by evidence of discriminatory credit practices regardless of its asset size.

CRA Qualified Investments. A predecessor of the Fund received an interpretative letter from the Federal Financial Institutions Examination Council ("FFIEC") stating that it was considered eligible for regulatory credit under the CRA. Throughout the period that the predecessor fund operated as

More on the Fund's Investment Objective, Principal Investment Strategies and Principal Risks

a business development company, investments in the fund were considered qualified investments under the CRA. The Fund expects that, as a registered investment company, it will continue to be considered eligible, but there is no guarantee that future changes to the CRA or future interpretations by the FFIEC will not affect the continuing eligibility of the Fund's investments. So that the Fund itself may be considered a qualified investment, the Fund will seek to invest only in investments that meet the prevailing community investing standards put forth by U.S. regulatory agencies.

In most cases, "qualified investments," as defined by the CRA, are required to be responsive to the community development needs of a financial institution's delineated CRA assessment area or a broader statewide or regional area that includes the institution's assessment area. For an institution to receive CRA credit with respect to the Fund's shares, the Fund must hold CRA qualifying investments that relate to the institution's assessment area.

As defined in the CRA, qualified investments are any lawful investments, deposits, membership shares or grants that have as their primary purpose community development. The term "community development" is defined in the CRA as: (1) affordable housing (including multifamily rental housing) for LMI individuals; (2) community services targeted to LMI individuals; (3) activities that promote economic development by financing businesses or farms that meet the size eligibility standards of applicable requirements or have gross annual revenues of \$1 million or less; or (4) activities that revitalize or stabilize LMI geographies, designated disaster areas; or distressed or underserved non-metropolitan middle-income geographies designated by the federal banking regulators.

Investments are not typically designated as qualifying investments at the time of issuance by any governmental agency. Accordingly, the Advisor must evaluate whether each potential investment may be a qualifying investment with respect to a specific shareholder. The final determinations that Fund shares are qualifying investments are made by the federal and, where applicable, state bank supervisory agencies during their periodic examinations of financial institutions. There is no assurance that the agencies will concur with the Advisor's determinations.

In determining whether a particular investment is qualified, the Advisor will assess whether the investment has as its primary purpose community development. The Advisor will consider whether the investment: (1) provides affordable housing for LMI individuals; (2) provides community services targeted to LMI individuals; (3) funds activities that (a) finance businesses or farms that meet the size eligibility standards of the Small Business Administration's Development Company or Small Business Investment Company programs or have annual revenues of \$1 million or less and (b) promote economic development; or (4) funds activities that revitalize or stabilize LMI areas, a designated disaster area, or non-metropolitan middle-income area that have been designated as distressed or underserved by the institution's primary regulator; or (5) supports, enables, or facilitates certain projects or activities that meet the "eligible uses" criteria described in the

More on the Fund's Investment Objective, Principal Investment Strategies and Principal Risks

Housing and Economic Recovery Act of 2008. The "eligible uses" include: (1) establishing financing mechanisms for purchase and redevelopment of foreclosed upon homes and residential properties, including such mechanisms as soft-second, loan loss reserves, and shared-equity loans for LMI homebuyers; (2) purchasing and rehabilitating homes and residential properties that have been abandoned or foreclosed upon, in order to sell, rent, or redevelop such homes and properties; (3) establishing land banks for homes that have been foreclosed upon; (4) demolishing blighted structures; and (5) redeveloping demolished or vacant properties.

An activity may be deemed to promote economic development if it supports permanent job creation, retention, and/or improvement for persons who are LMI, or supports permanent job creation, retention, and/or improvement in LMI areas or areas targeted for redevelopment by federal, state, local or tribal governments. An activity may also be considered to promote economic development if it supports permanent job creation, retention, and/or improvement by financing intermediaries that lend to, invest in, or provide technical assistance to start-ups or recently formed small businesses or small farms or through technical assistance or supportive services for small businesses or farms. Activities that revitalize or stabilize an LMI geography are activities that help attract and retain businesses and residents. The Advisor maintains documentation, readily available to a financial institution or an examiner, supporting its determination that a security is a qualifying investment for CRA purposes.

There may be a time lag between a purchase of Fund shares by an investor and the Fund's acquisition of a significant volume of investments in a particular geographic area. The length of time will depend upon the depth of the market for CRA qualified investments in the relevant areas, and may also be affected by the Advisor's policies for allocating securities among its clients as further described under the caption "Trade Allocation and Aggregation" in the SAI. In some cases, the Advisor expects that CRA qualified investments will be immediately available. In others, it may take weeks or months to acquire a significant volume of CRA qualified investments in a particular area. The Advisor believes that investments in the Fund during these time periods will be considered CRA qualified investments, provided the purpose of the Fund includes serving the investing institution's assessment area(s) and the Fund is likely to achieve a significant volume of investments in the region after a reasonable period of time. As the Fund continues to operate, it may dispose of securities that were acquired for CRA qualifying purposes, in which case the Advisor will normally attempt to acquire a replacement security that would be a qualifying investment.

Commodity Pool Operator Exclusion and Regulation

The Advisor is registered as a "commodity pool operator" under the Commodity Exchange Act ("CEA") and the rules of the Commodity Futures Trading Commission (the "CFTC") and is subject to regulation as a commodity pool operator. However, the Advisor has claimed on behalf of the Fund an

More on the Fund's Investment Objective, Principal Investment Strategies and Principal Risks

exclusion from the definition of the term “commodity pool operator” under CFTC Regulation 4.5, and the Advisor is exempt from registration as a “commodity trading advisor” with respect to the Fund. Accordingly, the Advisor is not subject to regulation as a commodity pool operator or commodity trading advisor with respect to the Fund. The Fund is also not subject to registration or regulation as a commodity pool operator.

The terms of CFTC Regulation 4.5 require the Fund, among other things, to adhere to certain limits on its investments in “commodity interests.” Commodity interests include futures, commodity options and swaps, which in turn include non-deliverable currency forwards. The Fund is not intended as a vehicle for trading in the commodity futures, commodity options or swaps markets. The CFTC has neither reviewed nor approved the Advisor's or the Fund's reliance on these exclusions, the Fund's investment strategies, this Prospectus or the SAI.

Generally, CFTC Regulation 4.5 requires the Fund to meet one of the following tests for its commodity interest positions, other than positions entered into for bona fide hedging purposes (as defined in the rules of the CFTC): either (1) the aggregate initial margin and premiums required to establish the Fund's positions in commodity interests may not exceed 5% of the liquidation value of the Fund's portfolio (after taking into account unrealized profits and unrealized losses on any such positions); or (2) the aggregate net notional value of the Fund's commodity interest positions, determined at the time the most recent such position was established, may not exceed 100% of the liquidation value of the Fund's portfolio (after taking into account unrealized profits and unrealized losses on any such positions). In addition to meeting one of these trading limitations, the Fund may not be marketed as a commodity pool or otherwise as a vehicle for trading in the commodity futures, commodity options or swaps markets. If, in the future, the Fund can no longer satisfy these requirements, the Advisor would be subject to regulation as a commodity pool operator with respect to the Fund. In that case, the Advisor and the Fund would need to comply with all applicable CFTC disclosure, reporting, operational, and other regulations, which could increase Fund expenses.

Management

Investment Advisor

The Fund is advised by RBC Global Asset Management (U.S.) Inc., a wholly owned subsidiary of Royal Bank of Canada (“RBC”). RBC is one of North America’s leading diversified financial services companies and provides personal and commercial banking, wealth management services, insurance, corporate and investment banking, and transaction processing services on a global basis. RBC employs approximately 80,000 people who serve more than 16 million personal, business, public sector and institutional clients through offices in Canada, the U.S. and 36 other countries around the world. The Advisor has been registered with the SEC as an investment advisor since 1983, and has been a portfolio manager of publicly-offered mutual funds since 1986. The Advisor maintains its offices at 50 South Sixth Street, Suite 2350, Minneapolis, Minnesota 55402. As of September 30, 2016, the Advisor’s investment team managed approximately \$39.7 billion in assets for corporations, public and private pension plans, Taft-Hartley plans, charitable institutions, foundations, endowments, municipalities, registered mutual funds, private investment funds, trust programs, foreign funds such as UCITS funds, individuals (including high net worth individuals), wrap sponsors and other U.S. and international institutions.

Under the terms of the Fund’s investment advisory agreement, the Advisor receives from the Fund an advisory fee, paid monthly, calculated at the annual rate of 0.50% of the Fund’s average daily net assets.

The Advisor has contractually agreed to waive fees and/or pay operating expenses through January 31, 2018, in order to limit the Fund’s total expenses (excluding brokerage and other investment-related costs, interest, taxes, dues, fees and other charges of governments and their agencies, extraordinary expenses such as litigation (including legal and audit fees and other costs in contemplation of or incident thereto) and indemnification, other expenses not incurred in the ordinary course of the Fund’s business and fees and expenses incurred indirectly by the Fund as a result of investment in shares of another investment company) to 0.95% of the Fund’s average daily net assets for Class A shares and 0.70% for Class I shares. The Advisor is entitled to recoup from the Fund or class the fees and/or operating expenses during the previous 12 months, provided the Fund is able to do so and remain in compliance with the expense limitation in place at the time the fees were waived or expenses paid.

The Advisor provides certain administrative services necessary for the operation of the Fund, including among other things, (i) providing office space, equipment and facilities for maintaining the Fund’s organization, (ii) preparing the Trust’s registration statement, proxy statements and all annual and semi-annual reports to Fund shareholders, and (iii) general supervision of the operation of the Fund, including coordination of the services performed by the Fund’s Advisor, Distributor, custodian, independent accountants, legal counsel and others.

Management

Information regarding the factors considered by the Board of Trustees in connection with the most recent approval of the Investment Advisory Agreement with the Advisor is included in the Fund's most recent Annual Report.

Additional Payments. The Advisor may make payments, out of its own resources and at no additional cost to the Fund or shareholders, to certain broker-dealers, mutual fund supermarkets, or other financial institutions ("Intermediaries") in connection with the provision of administrative services, the distribution of the Fund's shares, and reimbursement of ticket or operational charges (fees that an institution charges its representatives for effecting transactions in the Fund's shares). In addition, certain Intermediaries may receive fees from the Fund for providing recordkeeping and other services for individual shareholders and/or retirement plan participants.

Conflicts of Interest Risk. An investment in the Fund may be subject to actual or potential conflicts of interest. For example, the Advisor and/or its affiliates may face conflicts of interest when receiving compensation for services provided by affiliates in the side-by-side management of the Fund and other client accounts. The Advisor, and/or its affiliates may make investment decisions that differ from and/or negatively impact those made on behalf of the Fund. For more information about conflicts of interest, see the Potential Conflicts of Interest section in the SAI.

Management

Portfolio Managers

The Advisor is responsible for the overall management of the Fund's portfolio, including security analysis, industry recommendations, cash positions, the purchase and sell decision making process and general daily oversight of the Fund's portfolio. The individuals jointly and primarily responsible for the day-to-day management of the Fund's portfolio are set forth below:

Portfolio Manager Name	Title	Role on Fund Since¹	Total Years of Financial Industry Experience	Degrees and Designations	Experience for Last 5 Years
Brian Svendahl	Managing Director, Senior Portfolio Manager	Co-Portfolio Manager on Fund since 10/2012; Portfolio Manager on Fund 9/2012 to 10/2012; Co-Portfolio Manager on Fund 10/2006 to 8/2012	26 years	BS, University of Minnesota; BBA and MBA, University of Minnesota, Carlson School of Management; CFA Charterholder and member of the CFA Society of MN	Managing Director and Senior Portfolio Manager at the Advisor since 2005
Scott Kirby	Senior Portfolio Manager	Co-Portfolio Manager on Fund since 10/2012	30 years	BS, University of Minnesota; MBA, University of Minnesota, Carlson School of Management	Senior Portfolio Manager at the Advisor since 2012; Manager of Investments, Northwest Area Foundation, 2010 to 2012

Additional information about the portfolio managers' compensation arrangements, other accounts managed by the portfolio managers, as applicable, and the portfolio managers' ownership of securities of the funds they manage is available in the Fund's SAI.

¹ This information reflects the role of the portfolio managers of the Fund and the predecessor fund.

Shareholder Information

Pricing of Fund Shares

How NAV Is Calculated. The NAV is the value of a single share. A separate NAV is calculated for each class of shares of the Fund. The NAV is calculated by adding the total value of the Fund's investments and other assets, determining the proportion of that total allocable to the particular class, subtracting the liabilities allocable to the class and then dividing that figure by the number of outstanding shares of that class.

1. NAV is calculated separately for each class of shares.
2. You can find the Fund's NAV daily in various newspapers, at www.bloomberg.com, www.rbcgam.us or by calling 1-800-422-2766.

$$\text{NAV} = \frac{\text{Total Assets of Class} - \text{Liabilities}}{\text{Number of Shares Outstanding}}$$

The per share NAV of the Fund is determined each day the New York Stock Exchange ("NYSE") is open for trading or (at the Fund's option) on days the primary trading markets for the Fund's portfolio instruments are open ("Value Date") as of the close of regular trading on the NYSE (generally 4:00 p.m. Eastern time or such other time as determined by the NYSE). The Fund will not treat an intraday unscheduled disruption in NYSE trading as a closure of the NYSE and will price its shares as of the regularly scheduled NYSE closing time, if the particular disruption directly affects only the NYSE ("Value Time").

Your order for purchase, sale or exchange of shares is generally based on the next applicable price calculated after your order is received in good order by the Fund's transfer agent. For example: If you place a purchase order to buy shares of the Fund, it must be received before 4:00 p.m. Eastern time in order to receive the NAV calculated at 4:00 p.m. If your order is received after 4:00 p.m. Eastern time, it will be based on the NAV calculated on the next business day at 4:00 p.m. Eastern time. Also, as further explained in the "Purchasing and Adding to Your Shares" section, if a purchase order in proper form is received by an authorized financial intermediary, the order will be treated as if it had been received by the Fund's transfer agent at the time it is received by the intermediary.

You may purchase, redeem, or exchange shares of the Fund on any day when the NYSE is open. Purchases, redemptions, and exchanges may be restricted in the event of an early or unscheduled close of the NYSE if the primary trading markets of the Fund are disrupted as well. Even if the NYSE is closed, the Fund may accept purchase, redemption, and exchange orders on a Value Date if the Fund's management believes there is an adequate market to meet purchase, redemption, and exchange requests. On such days, the Fund would also price shares in accordance with the above procedures.

Valuation of Portfolio Securities. On behalf of the Fund, the Board of Trustees has adopted Pricing and Valuation Procedures for determining the value of Fund shares in accordance with applicable law. In general, when the market value of a portfolio security is readily available, the Fund will rely on independent pricing services or market quotes from independent broker-

Shareholder Information

dealers to determine the market value of portfolio securities. The market value of an equity security is generally determined on the basis of last reported sales prices, or if no sales are reported, based on quotes obtained from a quotation reporting system, established market makers or pricing services. Domestic and foreign fixed income securities and non-exchange traded derivatives are generally priced using valuations provided by independent pricing vendors. Prices obtained from pricing vendors utilize both dealer-supplied valuations and electronic data processing techniques that take into account appropriate factors such as institutional –size trading in similar groups of securities, yield, quality, coupon rate, maturity and type of issue. Debt obligations with remaining maturities of 60 days or less from date of purchase are valued at amortized cost. Exchange traded options, futures and options on futures are valued at their most recent sale price on the exchange on which they are primarily traded. Investments in open-end investment companies are valued at the net asset value of those companies, and those companies may use fair value pricing as described in their prospectuses.

The Pricing and Valuation Procedures provide that, in situations where it is determined that market quotations are not readily available from a pricing service or independent broker-dealer or the valuations are deemed to be unreliable or do not accurately reflect the value of the securities, Board-approved “fair valuation” methodologies will be used. Under the Pricing and Valuation Procedures, fair valuation methodologies may also be used in situations such as the following: a price is determined to be stale (for example, it cannot be valued using the standard pricing method because a recent sale price is not available) on more than five consecutive days on which the Fund calculates its NAV; a foreign market is closed on a day when the U.S. markets are open and the last available price in the foreign market is determined not to represent a fair value; or a significant valuation event is determined to have occurred pursuant to the Pricing and Valuation Procedures. Significant valuation events may include, but are not limited to, the following: an event affecting the value of a security traded on a foreign market occurs between the close of that market and the Value Time; an extraordinary event like a natural disaster or terrorist act occurs; a large market fluctuation occurs; or an adverse development arises with respect to a specific issuer, such as a bankruptcy filing. These methodologies are intended to ensure that the Fund’s NAV accurately reflects the value for the underlying portfolio securities. As a result, effective use of fair valuations may prevent shareholder dilution. “Fair value” is deemed to be the amount that the Fund might reasonably expect to receive for the security upon its current sale. Each such determination shall be based on a consideration of all relevant factors, which are likely to vary from one pricing context to another.

Shareholder Information

Investment Minimums

You may purchase shares of the Fund through the Fund's Distributor or through banks, brokers and other investment representatives, which may charge additional fees and may require higher minimum investments or impose other limitations or requirements on buying and selling shares.¹ For qualified retirement benefit plans, there is no minimum requirement for initial investment in the Fund. If you purchase shares through an investment representative, that party is responsible for transmitting orders by close of business and may have an earlier cut-off time for purchase and sale requests. Consult your investment representative or institution for specific information.

Minimum Initial Investment		Amount
Class A Shares		
Regular Account		\$2,500
IRA		\$250
Class I Shares		
Regular Account		\$1,000,000
Through Qualified Retirement Plans		\$0

Minimum Subsequent Investment		Amount
Class A Shares		None
Class I Shares		None

¹ Certain broker-dealers and other financial intermediaries are authorized to accept purchase orders on behalf of the Fund which are processed based on the Fund's net asset value next determined after your order is received by an organization in proper order before 4:00 p.m., Eastern time, or such earlier time as may be required by an organization. These organizations may be authorized to designate other intermediaries to act in this capacity. These organizations may vary in terms of how they process your orders, and they may charge you transaction fees on purchases of Fund shares and may also impose other charges or restrictions or account options that differ from those applicable to shareholders who purchase shares directly through the Fund or its transfer agent, U.S. Bancorp Fund Services, LLC. These organizations may be the shareholders of record of your shares. These intermediaries are responsible for transmitting requests and delivering funds on a timely basis. The Fund is not responsible for ensuring that the organizations carry out their obligations to their customers.

Purchasing and Adding to Your Shares

If opening an account through your financial advisor or brokerage account, simply tell your advisor or broker that you wish to purchase shares of the Fund and he or she will take care of the necessary documentation. You may purchase shares directly from the Fund by completing a new account application. Contact U.S. Bancorp Fund Services, LLC, the Fund's transfer agent at 1-800-422-2766 or go to www.rbcgam.us to obtain an application.

Shareholder Information

Once completed, you may submit your application by following one of the steps below.

By Mail	<ul style="list-style-type: none"> • Complete and sign the account application. If you do not complete the application properly, your purchase may be delayed or rejected. • Make your check payable to "Access Capital Community Investment Fund." All checks must be in U.S. Dollars drawn on a domestic bank. The Fund will not accept payment in cash or money orders. The Fund also does not accept cashier's checks in amounts of less than \$10,000. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler's checks, starter checks, postdated checks, postdated on-line bill pay checks, or any conditional order or payment. • Mail your application and check to: Access Capital Community Investment Fund c/o U.S. Bancorp Fund Services, LLC P.O. Box 701 Milwaukee, WI 53201-0701 • By overnight courier, send to: Access Capital Community Investment Fund c/o U.S. Bancorp Fund Services, LLC 615 East Michigan Street, 3rd Floor Milwaukee, WI 53202-5207 • The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at U.S. Bancorp Fund Services, LLC's post office box, of purchase orders or redemption requests does not constitute receipt by the transfer agent of the Fund.
By Wire	<ul style="list-style-type: none"> • To purchase shares by wire, the Fund's transfer agent must have received a completed application and issued an account number to you. • Call 1-800-422-2766 for instructions prior to wiring funds and to advise of your intent to wire. • Please use the following wire instructions: U.S. Bank, N.A. ABA # 075000022 Credit: U.S. Bancorp Fund Services, LLC Account: 182380369377 Further Credit: Access Capital Community Investment Fund Shareholder Name and Account Number • Wired funds must be received prior to 4:00 p.m. Eastern time to be eligible for same day pricing. The Fund and U.S. Bank, N.A. are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.
By Exchange from Another RBC Fund	<p>1-800-422-2766</p> <p>If you already have an account with us and your account is authorized for telephone and/or Internet transaction privileges, you may open an account in all RBC Funds except the U.S. Government Money Market Fund (RBC Institutional Class 2, RBC Select Class, RBC Reserve Class, RBC Investor Class). The names and registrations on the accounts must be identical. The exchange must meet the applicable minimum exchange amount requirement.</p>
Lost Accounts/ Unclaimed Assets	<p>Please note that based upon statutory requirements for returned mail, the Fund and the transfer agent will attempt to locate the investor or rightful owner of the account. If the Fund is unable to locate the investor, then they will determine whether the investor's account can legally be considered abandoned. The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state's unclaimed property administrator in accordance with statutory requirements. The investor's last known address of record determines which state has jurisdiction.</p>

Shareholder Information

To Add to an Account. To add to an account, you may follow any one of the following steps:

By Telephone (Class A Shares Only)	<p>1-800-422-2766 You may make additional investments in Class A shares by telephone. After the Fund receives and accepts your request, the Fund will deduct from your checking account (requires banking information to be on file) the cost of the shares. Availability of this service is subject to approval by the Fund and the participating banks.</p>
By Mail	<ul style="list-style-type: none"> • Make your check payable to "Access Capital Community Investment Fund." • Mail the stub from your confirmation statement. Or, if unavailable, provide the following information with your payment: <ul style="list-style-type: none"> • Account name and account number • Share class • Mail your additional investment to: <p style="margin-left: 20px;">Access Capital Community Investment Fund c/o U.S. Bancorp Fund Services, LLC P.O. Automatic Monthly Investment (Class A Shares Only)	<p>You may authorize automatic monthly investments in a constant dollar amount from your checking account. The Fund will draft your checking account on the same day each month in the amount you authorize via an automated clearing house ("ACH").</p>
By Exchange from Another RBC Fund	<p>Please refer to the information under "Exchanging Your Shares" below.</p>

You can also add to your account by using the convenient options described below. The Fund reserves the right to change or eliminate these privileges at any time without notice, to the extent permitted by applicable law.

Shareholder Information

Automatic Monthly Investments

Automatic Monthly Investments are processed through an ACH whereby an agreed amount is credited to or debited from a shareholder's pre-identified bank account. You may authorize automatic monthly investments in a constant dollar amount from your checking account. The Fund will draft your checking account on the same day each month in the amount you authorize via ACH.

Dividends and Distributions and Directed Dividend Option

Dividends and distributions will be automatically reinvested unless you request otherwise. There are no sales charges for reinvested distributions. Dividends will differ among classes of the Fund due to differences in distribution and other class-specific operating expenses. Capital gains, if any, are distributed at least annually. By selecting the appropriate box on the account application, you can elect to receive your distributions (capital gains and dividends) in cash (check), have distributions deposited in a pre-authorized bank account via ACH, have distributions reinvested in the Fund, or into another eligible RBC Fund (as set forth under the caption "Exchanging Your Shares") without a sales charge. You should maintain the minimum balance in the Fund into which you plan to reinvest distributions. You can change or terminate your participation in the reinvestment option at any time in writing or by telephone at least five days prior to the record date of the distribution.

If you elect to receive distributions and/or capital gains paid in cash, and the U.S. Postal Service cannot deliver the check, or if a check remains outstanding for six months, the Fund reserves the right to reinvest the distribution check in your account, at the Fund's current net asset value, and to reinvest all subsequent distributions.

DISTRIBUTIONS ARE MADE ON A PER SHARE BASIS REGARDLESS OF HOW LONG YOU HAVE OWNED YOUR SHARES. THEREFORE, IF YOU INVEST SHORTLY BEFORE THE DISTRIBUTION DATE, SOME OF YOUR INVESTMENT WILL BE RETURNED TO YOU IN THE FORM OF A DISTRIBUTION THAT MAY BE TAXABLE. (See "Shareholder Information — Dividends, Distributions and Taxes").

Shareholder Information

Selling Your Shares

If selling your shares through your financial advisor or broker, ask him or her for redemption procedures. Your advisor and/or broker may have transaction minimums and/or transaction times that will affect your redemption. For all other sales transactions, follow the instructions below.

To sell shares please contact U.S. Bancorp Fund Services, LLC, the Fund's transfer agent:

By Phone	1-800-422-2766	You may withdraw any amount up to \$50,000 by telephone, provided that your account is authorized for telephone redemptions. The Fund will send proceeds only to the address or bank of record. You must provide the Fund's name, your account number, the name of each account owner (exactly as registered), and the number of shares or dollar amount to be redeemed prior to 4:00 p.m. Eastern time for the trade to be processed with that day's closing price.
By Mail	Access Capital Community Investment Fund c/o U.S. Bancorp Fund Services, LLC P.O. Box 701 Milwaukee, WI 53201-0701	<ol style="list-style-type: none">1. In a letter, include the genuine signature of each registered owner (exactly as registered), the name of each account owner, the account number and the number of shares or dollar amount to be redeemed. See "Signature Guarantees" below for information on when a signature guarantee is required.2. Mail or courier the letter to the applicable address above or below.3. The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at U.S. Bancorp Fund Services, LLC's post office box, of purchase orders or redemption requests does not constitute receipt by the transfer agent of the Fund.
By Overnight Courier	Access Capital Community Investment Fund c/o U.S. Bancorp Fund Services, LLC 615 East Michigan Street, 3rd Floor Milwaukee, WI 53202-5207	
By Wire		Redemption proceeds may be wired to your pre-identified bank account. A \$15 fee is deducted from your redemption proceeds for complete share redemptions of Class A shares. In case of a partial redemption, the fee of \$15 will be deducted from the remaining account balance. If your written request is received in good order before 4:00 p.m. Eastern time, the Fund will normally wire the money on the following business day. If the Fund receives your request after 4:00 p.m. Eastern time, the Fund will normally wire the money on the second business day. Contact your financial institution about the time of receipt and availability. See "Signature Guarantees" below for information on when a signature guarantee is required.
Systematic Redemption Plan (Class A Shares Only)		You may specify a dollar amount to be withdrawn monthly or quarterly or have your shares redeemed at a rate calculated to exhaust the account at the end of a specified period. You must own shares in an open account valued at \$10,000 or more when you first authorize the systematic redemption plan. You may cancel or change your plan or redeem all your shares at any time. The Fund will continue withdrawals until your shares are gone or until you or the Fund cancel the plan. Depending upon how long you have held your shares, contingent deferred sales charges may apply for Class A shares.

Shareholder Information

Additional Information About Purchasing and Selling Shares

The Fund cannot process transaction requests unless they are properly completed as described in this section. The Fund may cancel or change its transaction policies without notice. To avoid delays, please call us if you have any questions about these policies. All purchases must be in U.S. Dollars. All checks must be in U.S. Dollars drawn on a domestic bank. The Fund will not accept payment in cash or money orders. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler's checks, starter checks, postdated checks, or any conditional order or payment.

The transfer agent will charge a \$25 fee against a shareholder's account, in addition to any loss sustained by the Fund, for any payment that is returned.

The Fund may waive its minimum purchase requirement. The Fund, the Distributor, the Advisor and the transfer agent reserves the right to reject any application for any reason in its sole discretion, including rejection of orders not accompanied by proper payment and orders that are not in the best interests of the Fund and its shareholders.

The Fund does not accept applications under certain circumstances or in amounts considered disadvantageous to shareholders.

Class A Eligibility. Class A shares of the Fund are available to investors who meet the minimum initial investment requirements. There is a \$2,500 minimum initial investment requirement for Class A shares and no minimum required for additional investments.

Class I Eligibility. Class I shares of the Fund are offered solely to individuals and institutions with a \$1,000,000 minimum requirement for initial investment, and no minimum required for additional investments. There is no minimum requirement for initial investment for participants of qualified retirement plans. The minimum requirement may be waived, at Fund management's discretion, for certain persons who are charged fees for advisory, investment, consulting or similar services by a financial intermediary or other service provider. The minimum requirement for initial investment for the Fund does not apply to investments by employees of the Advisor or its affiliates, officers and trustees of the Fund, partners or employees of law firms that serve as counsel to the Fund or the Fund's independent trustees, or members of the immediate families of the foregoing (e.g., spouses, parents, children, grandparents, grandchildren, parents-in-law, sons and daughters-in-law, siblings, a sibling's spouse, and a spouse's siblings).

Minimum Account Size. You must maintain a minimum account value equal to the current minimum initial investment, which is \$2,500 for Class A shareholder accounts and \$1,000,000 for Class I shareholder accounts. There is no minimum account size requirement for retirement plans. If your account falls below a minimum due to redemptions and not market action, the Fund may ask you to increase the account size back to the minimum. If you do not bring the account up to the minimum amount within 60 days after the Fund contacts you, the Fund may close the account and send your money to you

Shareholder Information

or begin charging you a fee for remaining below the minimum account size. No CDSC will be imposed on shares redeemed as a result of involuntary account closing.

Timing of Purchases and Sales of Shares. You may purchase or sell shares of the Fund based on the NAV next determined after your request is received in good order. All requests received in good order before 4:00 p.m., Eastern Time, on a business day will be executed on that same day. Requests received after 4:00 p.m., Eastern Time, on a business day will be processed the next business day at the next business day's NAV. A purchase request is in "good order" if it includes a completed account application and the dollar amount of shares to be purchased along with payment for the shares. If you are paying with federal funds (wire), your order will be considered received when the Fund or its transfer agent receives the federal funds.

The Fund, its Advisor and its transfer agent reserve the right to reject any purchase request for any reason. The Fund may accept orders to purchase Fund shares in-kind with securities, rather than with cash, when the offered securities are consistent with the Fund's investment objective and policies. Acceptance of such purchases will be at the Advisor's discretion, and will be valued in the same manner that the Fund uses to calculate its NAV.

The Fund intends to pay redemption proceeds promptly and in any event within seven days after the request for redemption is received in good order. In case of emergencies or other unusual circumstances, the Fund may suspend redemptions or postpone payment for more than seven days, as permitted by law. Redemptions of Fund shares may be suspended when trading on the NYSE is closed or is restricted, in the event of an early or unscheduled close of the primary trading markets for the Fund's portfolio instruments, or during an emergency which makes it impracticable for the Fund to dispose of its securities or to determine the value of its net assets, or during any other period as permitted by the SEC for the protection of investors. Under these and other unusual circumstances, the Fund may delay redemption payments for more than seven days, as permitted by law.

The Fund cannot accept requests that contain special conditions or effective dates. The Fund may request additional documentation to ensure that a request is genuine. Examples may include a certified copy of a death certificate or divorce decree.

If you request a redemption within 15 days of purchase, the Fund will delay sending your proceeds until it has collected unconditional payment, which may take up to 15 calendar days from the date of purchase. You can avoid this delay by purchasing shares with a federal funds wire. For your protection, if your account address has been changed within the last 30 calendar days, your redemption request must be in writing and signed by each account owner, with signature guarantees. The right to redeem shares may be temporarily suspended in emergency situations only as permitted under federal law.

Shareholder Information

Signature Guarantees. You may withdraw from your account at any time. Certain redemptions will however require a signature guarantee. Signature guarantees will generally be accepted from domestic banks, brokers, dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program (“STAMP”). A notary public is not an acceptable signature guarantor.

Withdrawing Money From Your Fund Investment

As a mutual fund shareholder, you are technically selling shares when you request a withdrawal in cash. This is also known as redeeming shares or a redemption of shares.

A signature guarantee from either a Medallion program member or a non-medallion program member is required to redeem shares in the following situations:

- If you are requesting a change in ownership on your account;
- When redemption proceeds are payable or sent to any person, address or bank account not on record;
- If a change of address was received by the Transfer Agent within the last 30 days;
- For all redemptions in excess of \$50,000 from any shareholder account.

The Fund may waive any of the above requirements in certain instances. In addition to the situations described above, the Fund and/or the transfer agent reserve the right to require a signature guarantee or other acceptable signature authentication in other instances based on the circumstances relative to the particular situation. Non-financial transactions, including establishing or modifying certain services on an account, will require a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source.

Redemption in Kind. The Fund reserves the right to make payment in securities rather than cash, known as “redemption in kind,” for amounts redeemed by a shareholder, in any 90-day period, in excess of \$250,000 or 1% of Fund net assets, whichever is less. If the Fund deems it advisable for the benefit of all shareholders, redemption in kind will consist of securities equal in market value to your shares. When you convert these securities to cash, you will pay brokerage charges.

Form of Distributions. By selecting the appropriate box on the account application, you can elect to receive your distributions (capital gains and dividends) in cash (check), have distributions deposited in a pre-authorized bank account via wire transfer, ACH, or have distributions reinvested back into your account with the Fund.

Telephone Purchase, Exchange and Redemption

Privileges. Shareholders who open accounts with the Fund can accept telephone purchases, exchange and redemption privileges on the account application. If you call the Fund, the Fund’s representative may request

Shareholder Information

personal identification and may tape record the call. IRA account holders may redeem or exchange shares by telephone. If you have an IRA, you must indicate on your written redemption request whether or not to withhold federal income tax. Redemption requests failing to indicate an election to have tax withheld will be subject to 10% withholding. Shareholders redeeming from IRA accounts by telephone will be asked whether or not to withhold taxes from any distribution.

IRA and Keogh Account Maintenance Fees. A \$15 annual maintenance fee is charged on all IRA and Keogh accounts. Multiple IRA or Keogh accounts associated with a single social security number are charged a maximum annual maintenance fee of \$30. If an annual maintenance fee has not yet been charged when the last IRA or Keogh account associated with a particular social security number is completely liquidated, the full annual maintenance fee will be charged to the account at that time. Additionally, a \$25 fee will be imposed on non-periodic withdrawals or terminations from IRAs and Keogh plans.

Corporations, Trusts and Other Entities. Additional documentation is normally required for corporations, fiduciaries and others who hold shares in a representative or nominee capacity. We cannot process your request until we have all documents in the form required. Please call us first to avoid delays.

Sales Limited to U.S. Citizens and Resident Aliens. Shares of the Fund may be offered to only United States citizens and United States resident aliens having a social security number or individual tax identification number. This Prospectus should not be considered a solicitation or offering of Fund shares to non-U.S. citizens or non-resident aliens.

Anti-Money Laundering Procedures. Shareholder information is subject to independent identity verification and may be shared, as permitted by law and as permitted by the Fund's Privacy Policy, for identifying and reporting suspected money laundering and terrorist activity. In compliance with the USA PATRIOT Act, all financial institutions (including mutual funds) are required, among other matters, to obtain, verify and record the following information for all registered owners and, in certain circumstances, others who may be authorized to act on an account: *full name, date of birth (for individuals), taxpayer identification number (usually your social security number), and permanent street address.* In order to verify your identity, we may cross-reference your identification information with a consumer report or other electronic database, or by requesting a copy of your driver's license, passport or other identifying document. Corporate, trust and other entity accounts require additional documentation.

If we are unable to verify your identity in accordance with the Fund's policies and procedures, we may reject and return your application, close your account or take such other action as we deem reasonable as permitted by law. Please review your account application for additional information.

Shareholder Information

Exchanging Your Shares

If exchanging shares through your financial advisor or brokerage account, simply tell your advisor or broker that you wish to exchange shares of the Fund and he or she will take care of the necessary documentation. To open a new account through an exchange from an existing RBC Fund account, please refer to “Purchasing and Adding to Your Shares” above.

An exchange of shares is technically a sale of shares in one fund followed by a purchase of shares in another fund, and therefore may have tax consequences. By following the instructions below, and subject to such limitations as may be imposed by the RBC Funds, you may exchange shares between all RBC Funds except the U.S. Government Money Market Fund (RBC Institutional Class 2, RBC Select Class, RBC Reserve Class, RBC Investor Class).

By Telephone	1-800-422-2766	You may make exchanges from one identically registered RBC Fund account into another eligible RBC Fund account, provided that your account is authorized for telephone exchanges.
By Mail	Regular Mail Access Capital Community Investment Fund c/o U.S. Bancorp Fund Services, LLC P.O. Box 701 Milwaukee, WI 53201-0701	Registered/Overnight Mail Access Capital Community Investment Fund c/o U.S. Bancorp Fund Services, LLC 615 East Michigan Street, 3rd Floor Milwaukee, WI 53202-5207
	<ol style="list-style-type: none">1. In a letter, include the genuine signature of each registered owner, the account number, the number of shares or dollar amount to be exchanged, the name of the RBC Fund from which the amount is being sold, and the name of the RBC Fund into which the amount is being purchased.2. Mail or courier the letter to the applicable address above.3. The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at U.S. Bancorp Fund Services, LLC’s post office box, of purchase orders or redemption requests does not constitute receipt by the transfer agent of the Funds.	
Monthly Exchanges	You may authorize monthly exchanges from one eligible RBC Fund into another eligible RBC Fund. Exchanges will be continued until all shares have been exchanged or until you terminate the service.	

Shareholder Information

Additional Policies on Exchanges

The RBC Funds reserve the right to limit exchanges. (See “Market Timing and Excessive Trading,” below.)

With the exception of exchanges to or from the U.S. Government Money Market Fund (whose shares are offered through another prospectus), the share class must be the same in the two funds involved in the exchange. No front-end sales charge will be assessed. For complete information on the RBC Fund you are exchanging into, including fees and expenses, read that fund’s prospectus carefully. Call us for a free copy or contact your investment representative. With the exception of exchanges to the U.S. Government Money Market Fund, you must meet the minimum investment requirement of the Fund you are exchanging into. Exchanges to the U.S. Government Money Market Fund will be into the RBC Institutional Class 1 shares. The names and registrations on the two accounts must be identical. The exchange privilege (including automatic exchanges) may be changed or eliminated at any time upon 60 days’ notice to shareholders.

Additional Shareholder Services

Services for the following types of accounts are also available to shareholders. Please call 1-800-422-2766 for more information.

- Uniform Transfers/Gifts to Minors Accounts
- TOD Accounts
- Accounts for corporations, partnerships and retirement plans
- Coverdell Education Savings Accounts
- Traditional IRA accounts
- Roth IRA accounts
- Simplified Employee Pensions

Telephone Services. Telephone trades must be received by or prior to market close. During periods of increased market activity, you may have difficulty reaching the Fund by telephone or may encounter higher than usual call waits. If this happens, contact the Fund by mail or allow sufficient time to place your telephone transaction. The Fund may refuse a telephone request, including a request to redeem shares of the Fund. The Fund will use reasonable procedures to confirm that telephone instructions are genuine. If such procedures are followed, neither the Fund nor any persons or entity that provides services to the RBC Funds will be liable for any losses due to unauthorized or fraudulent instructions. If an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person. The Fund reserves the right to limit the frequency or the amount of telephone redemption requests. Once a telephone transaction has been placed, it cannot be cancelled or modified.

Shareholder Mailings. To help lower operating costs, the Fund attempts to eliminate mailing duplicate documents to the same address. When two or more RBC Fund shareholders have the same last name and address, the Fund

Shareholder Information

may send only one prospectus, annual report, semi-annual report, general information statement or proxy statement to that address rather than mailing separate documents to each shareholder. This practice is known as “householding.” Shareholders may opt out of this single mailing at any time by calling the RBC Funds at 1-800-422-2766 and requesting the additional copies of Fund documents.

Market Timing and Excessive Trading

Market timing may interfere with the management of the Fund’s portfolio and result in increased costs. The RBC Funds do not accommodate market timers. On behalf of the RBC Funds, the Board of Trustees has adopted policies and procedures to discourage short-term trading or to compensate the Fund for costs associated with it.

Restriction and Rejection of Purchase or Exchange Orders. The RBC Funds reserve the right to restrict or reject, for any reason, without any prior notice, any purchase or exchange order. These include transactions representing excessive trading or suspected excessive trading, transactions that may be disruptive to the management of the Fund’s portfolio, and purchase orders not accompanied by proper payment. The RBC Funds reserve the right to delay for up to one business day the processing of exchange requests in the event that, in the Fund’s judgment, such delay would be in the Fund’s best interest, in which case both the redemption and purchase will be processed at the conclusion of the delay period. Redemptions may be suspended or postponed at times when the NYSE is closed, when trading is restricted, or under certain emergency circumstances as determined by the SEC.

If detected, once an account holder makes five exchanges between RBC Funds during a calendar year, the ability to make additional exchanges for that account may be suspended. In applying these exchange limits, the Fund may consider trading done in multiple accounts under common ownership, control or influence. These exchange limits do not apply to purchases made through the monthly exchange program. In addition, these limits may be modified at the Fund’s discretion for retirement plans to conform to plan exchange features and applicable law and regulation, and for automated or pre-established exchange, asset allocation or dollar cost averaging programs.

The RBC Funds’ policy limiting the number of exchanges applies uniformly to all investors. However, some financial intermediaries, such as investment advisors, broker-dealers, transfer agents and third-party administrators, maintain omnibus accounts in which they aggregate orders of multiple investors and forward aggregated orders to the RBC Funds. Because the Fund receives these orders on an aggregated basis and because these omnibus accounts may not be identified by the financial intermediaries as omnibus accounts, the RBC Funds may be limited in their ability to detect excessive trading or enforce its market timing policy with respect to those omnibus accounts and investors purchasing and redeeming Fund shares through those accounts.

Shareholder Information

If the RBC Funds identify an investor as a potential market timer or an intermediary as a potential facilitator for market timing in the Fund, even if the above limits have not been reached, the RBC Funds may take steps to restrict or prohibit further trading in the Fund by that investor or through that intermediary. As stated above, the Fund reserves the right to restrict or reject a purchase order for any reason without prior notice. The Fund also reserves the right to terminate an investor's exchange privilege without prior notice.

Risks Presented by Excessive Trading Practices. Parties engaged in market timing may use many techniques to seek to avoid detection. Despite the efforts of the Fund and its agents to prevent market timing, there is no guarantee that the Fund will be able to prevent all such practices. For example, the Fund receives purchase, exchange and redemption orders through financial intermediaries and cannot always reasonably detect market timing that may be facilitated by these intermediaries or by the use of omnibus account arrangements offered by these intermediaries to investors. Omnibus account arrangements typically aggregate the share ownership positions of multiple shareholders and often result in the Fund being unable to monitor the purchase, exchange and redemption activity of a particular shareholder. To the extent that the Fund and its agents are unable to curtail excessive trading practices in the Fund, those practices may interfere with the efficient management of the Fund's investment portfolio, and may, for example, cause the Fund to maintain a higher cash balance than it otherwise would have maintained or to experience higher portfolio turnover than it otherwise would have experienced. This could hinder performance and lead to increased brokerage and administration costs. Those increased costs would be borne by Fund shareholders.

To the extent that the Fund invests in securities that may trade infrequently, such as private placements, it may be susceptible to market timing by investors who seek to exploit perceived price inefficiencies in the Fund's investments. This is commonly referred to as price arbitrage. Because these securities may trade infrequently, the Fund may be unable to purchase or sell investments at favorable prices in response to cash inflows or outflows caused by timing activity.

Disclosure of Portfolio Holdings

A description of the Fund's policies and procedures regarding the disclosure of portfolio holdings is available in the Fund's SAI. The Fund also makes certain portfolio securities information available on its website which is accessed by using the Fund's link at www.rbcgam.us. Within 15 days of month-end, the Fund's top ten holdings and related weightings, the total number of Fund holdings and the Fund's sector/industry weightings (all as of month-end) are posted until replaced by the next month's information. Within 10 business days of month-end, the Fund's complete portfolio holdings and its weightings are posted until replaced by the next month's information.

Shareholder Information

Distribution Arrangements/Sales Charges

This section describes the sales charges and fees you will pay as an investor in different share classes offered by the Fund and ways to qualify for reduced sales charges. The Class I shares of the Fund have no sales charges or distribution/service fees and, generally, have lower annual expenses than Class A shares.

	Class A	Class I
Sales Charge (Load)	Maximum sales charge of 3.75%. See Schedule below. CDSC of 1.00% on purchases of \$1 million or more for redemptions within 12 months of purchase.	No sales charge
Distribution and Service (12b-1) Fee	0.25% ¹	None

¹ Under the 12b-1 plan, Class A is authorized to pay expenses directly or reimburse the Distributor for costs and expenses incurred in connection with distribution and marketing of Fund shares subject to a maximum annual limit of up to 0.50% of average daily net assets attributable to Class A shares of the Fund. Currently, the Board of Trustees has approved an annual limit of 0.25% for Class A shares.

The class of shares that is better for you depends on a number of factors, including the amount you plan to invest and how long you plan to hold the shares. Your financial advisor can help you decide which class of shares is more appropriate for you.

Front-End Sales Charges. Front-end sales charges are imposed on sales of Class A shares of the Fund at the rates listed in the table below. The sales charge decreases with larger purchases. For example, if you invest more than \$100,000, or if your cumulative purchases or the value on your account is more than \$100,000, then the sales charge is reduced. (See “Reducing the Initial Sales Charge on Purchases of Class A Shares” below.) These sales charges will be waived for purchases (i) in accounts invested through wrap programs in which the Fund participates, (ii) through “one-stop” mutual fund networks, (iii) through trust companies and banks acting in a fiduciary, advisory, agency, custodial or similar capacity, or (iv) through group retirement plans. The amount paid for an investment, known as the “offering price,” includes any applicable front-end sales charges. There is no sales charge on reinvested dividends and distributions. Also shown in the table is the portion of the front-end sales charge that is paid to dealers, expressed as a percentage of the offering price of the Fund’s shares.

Shareholder Information

For Purchases:	Sales Charges as a Percentage of		Dealer Concession as a Percentage of Offering Price
	Offering Price	Net Amount Invested	
Less than \$100,000	3.75%	3.90%	3.00%
\$100,000 – \$249,999.99	3.50%	3.63%	2.75%

\$1,000,000 and over	0.00%*	0.00%	0.00%**

* A 1.00% CDSC is imposed on redemptions made within 12 months of a purchase of \$1 million or more on which no front-end sales charge was paid. See “Contingent Deferred Sales Charge” below.

** The Distributor may pay dealers up to 1.00% on investments made in Class A shares with no initial sales charge.

Reducing the Initial Sales Charge on Purchases of Class A Shares

Combining Accounts of Family Members. You may combine accounts in RBC Funds Class A shares of the Funds listed in this Prospectus and all other RBC Funds Class A shares offered in separate prospectuses in order to qualify for a reduced sales charge (load). The following types of accounts may be aggregated for purposes of reducing the initial sales charge:

- Accounts owned by you and your immediate family (your spouse and your children under 21 years of age)
- Trust accounts established by you or your immediate family

You need to provide your financial advisor with the information as to which of your accounts qualify as family accounts and this information should be included with your account application.

Letter of Intent. By signing a Letter of Intent (LOI) you can reduce your Class A sales charge. Your individual purchases will be made at the applicable sales charge based on the amount you intend to invest over a 13-month period. The LOI will apply to all purchases of the Fund and all other RBC Funds Class A shares offered in separate prospectuses. Any shares purchased within 90 days prior to the date you sign the letter of intent may be used as credit toward completion, but the reduced sales charge will only apply to new purchases made on or after that date. Purchases resulting from the reinvestment of dividends and capital gains do not apply toward fulfillment of the LOI. Shares equal to 3.75% of the amount of the LOI will be held in escrow during the 13-month period. If, at the end of that time the total amount of purchases made is less than the amount intended, you will be required to pay the difference between the reduced sales charge and the sales charge applicable to the individual purchases had the LOI not been in effect. This amount will be obtained from redemption of the escrow shares. Any remaining escrow shares will be released to you.

If you establish an LOI with the Fund you can aggregate your accounts as well as the accounts of your immediate family members. **You will need to provide written instructions with respect to the other accounts whose purchases should be considered in fulfillment of the LOI.**

Shareholder Information

Rights of Accumulation. For the purpose of qualifying for the lower sales charge rates that apply to larger purchases, you may combine your new purchase of Class A shares with shares of currently owned holdings in Class A shares of the Fund and all other RBC Funds Class A shares offered in separate prospectuses. The applicable sales charge for the new purchase is based on the total of your current purchase and the current value based on NAV of all other Class A shares you own. You may need to provide your financial advisor with account statements or other information to demonstrate that you qualify for a sales charge reduction.

PLEASE BE ADVISED THAT TO RECEIVE A REDUCTION IN THE INITIAL SALES CHARGE OF YOUR PURCHASES OF CLASS A SHARES OF THE FUND, YOU MUST NOTIFY YOUR FINANCIAL ADVISOR AT THE TIME YOU PURCHASE YOUR SHARES THAT YOU QUALIFY FOR SUCH A REDUCTION. IF YOU DO NOT NOTIFY YOUR FINANCIAL ADVISOR THAT YOU MAY BE ELIGIBLE FOR A SALES CHARGE REDUCTION, YOU MAY NOT RECEIVE A REDUCTION TO WHICH YOU ARE OTHERWISE ENTITLED.

Contingent Deferred Sales Charges. For Class A shares, a 1.00% CDSC is imposed on redemptions made within 12 months of a purchase of \$1 million or more of Class A shares on which no front-end sales charge was paid. Shares acquired through reinvestment of dividends or capital gain distributions are not subject to a CDSC. For purposes of determining the CDSC, if you sell only some of your shares, shares that are not subject to any CDSC will be sold first, followed by shares that you have owned the longest. The CDSC is based on the initial offering price or the current sales price of the shares, whichever is less.

Waiving Contingent Deferred Sales Charges. The contingent deferred sales charge on Class A shares may be waived in the following cases:

- Redemptions due to death or disability of the shareholder
- Redemptions due to the complete termination of a trust upon the death of the trustor/grantor or beneficiary
- Permitted exchanges of shares between funds (However, if shares acquired in the exchange are subsequently redeemed within the period during which a contingent deferred sales charge would have applied to the initial shares purchased, the contingent deferred sales charge will not be waived.)

The contingent deferred sales charge on Class A shares may also be waived for redemptions through a systematic withdrawal plan if such transactions do not exceed 12% of the value of an account annually.

The Fund does not provide additional information on sales charges on its website because the information is contained in the Prospectus, which is available on the Fund's website at www.rbcgam.us.

Shareholder Information

Distribution and Service (12b-1) Fees

The Fund has adopted a plan under Rule 12b-1. Rule 12b-1 fees paid pursuant to the plan compensate the Distributor and other dealers and investment representatives for services and expenses relating to the sale and distribution of the Fund's shares and/or for providing shareholder services. Because 12b-1 fees are paid from Fund assets on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges.

Under the 12b-1 plan, Class A is authorized to pay directly or reimburse the Distributor in connection with distribution and marketing Fund shares subject to an annual limit of up to 0.50% of average daily net assets attributable to Class A shares of the Fund. Up to 0.25% of this fee may be used for shareholder servicing. Currently, the Board of Trustees has approved an annual limit of 0.25% for Class A shares.

Shareholder Servicing Plan

The Trust has adopted a Shareholder Servicing Plan (the "Servicing Plan") that allows Class A and Class I shares of the Fund to pay service fees to firms that provide shareholder services ("Intermediaries"). Under the Servicing Plan, if an Intermediary provides shareholder services, including responding to shareholder inquiries and assisting shareholders with their accounts, the Fund may pay shareholder servicing fees to the Intermediary at an annual rate not to exceed 0.15% of the average daily value of net assets. Because these fees are paid out of the Fund's assets on an ongoing basis, over time these fees will increase the cost of your investment and may cost you more than other types of charges.

Dividends, Distributions and Taxes

Dividends and Distributions. The Fund intends to qualify each year as a regulated investment company under the Internal Revenue Code. As a regulated investment company, the Fund generally pays no federal income tax on the income and gains it distributes to you. The Fund expects to declare dividends daily and distribute all of its net investment income, if any, to shareholders as dividends monthly. The Fund will distribute net realized capital gains, if any, at least annually. Dividends will also be paid at any time during the month upon total redemption of shares in an account. The Fund may distribute such income dividends and capital gains more frequently, if necessary, in order to reduce or eliminate federal excise or income taxes on the Fund. The amount of any distribution will vary, and there is no guarantee the Fund will pay either an income dividend or a capital gains distribution.

Annual Statements. Each year, the Fund will send you an annual statement (Form 1099) of your account activity to assist you in completing your federal, state and local tax returns. Distributions declared in October, November, or December to shareholders of record in such month, but paid in January, are taxable as if they were paid in December. Prior to issuing your

Shareholder Information

statement, the Fund makes every effort to reduce the number of corrected forms mailed to you. However, if the Fund finds it necessary to reclassify its distributions or adjust the cost basis of any covered shares (defined below) sold or exchanged after you receive your tax statement, the Fund will send you a corrected Form 1099.

Avoid “Buying a Dividend.” At the time you purchase your Fund shares, the Fund’s net asset value may reflect undistributed income, undistributed capital gains, or net unrealized appreciation in value of portfolio securities held by the Fund. For taxable investors, a subsequent distribution to you of such amounts, although constituting a return of your investment, would be taxable. Buying shares in the Fund just before it declares an income dividend or capital gains distribution is sometimes known as “buying a dividend.”

Tax Considerations. The Fund expects, based on its investment objective and strategies, that its distributions, if any, will be taxable as ordinary income, capital gains, or some combination of both. This is true whether you reinvest your distributions in additional Fund shares or receive them in cash.

For federal income tax purposes, Fund distributions of short-term capital gains are taxable to you as ordinary income. Fund distributions of long-term capital gains are taxable to you as long-term capital gains no matter how long you have owned your shares. A portion of income dividends reported by the Fund may be qualified dividend income eligible for taxation by individual shareholders at long-term capital gain rates provided certain holding period requirements are met. Because the income of the Fund is primarily derived from investments earning interest rather than dividend income, generally none or only a small portion of the income dividends paid to you by the Fund is anticipated to be qualified dividend income eligible for taxation by individuals at long-term capital gain tax rates.

Sale or Redemption of Fund Shares. You will recognize taxable gain or loss on a sale, exchange or redemption of your shares in a Fund, including an exchange for shares of another RBC Fund, based on the difference between your tax basis in the shares and the amount you receive for them. Generally, you will recognize long-term capital gain or loss if you have held your Fund shares for over one year at the time you sell or exchange them. Any loss incurred on a redemption or exchange of shares held for six months or less will be treated as long-term capital loss to the extent of any long-term capital gain distributed to you by the Fund on those shares. The Fund is required to report to you and the Internal Revenue Service annually on Form 1099-B not only the gross proceeds of Fund shares you sell or redeem but also their cost basis for shares purchased or acquired on or after January 1, 2012 (“covered shares”). Cost basis will be calculated using the Fund’s default method of average cost, unless you instruct the Fund to use a different calculation method. Shareholders should carefully review the cost basis information provided by the Fund and make any additional basis, holding period or other adjustments that are required when reporting these amounts on their federal income tax returns. If your account is held by your investment representative (financial advisor or other broker), please contact

Shareholder Information

that representative with respect to reporting of cost basis and available elections for your account. Tax-advantaged retirement accounts will not be affected.

Medicare Tax. An additional 3.8% Medicare tax is imposed on certain net investment income (including ordinary dividends and capital gain distributions received from the Fund and net gains from redemptions or other taxable dispositions of Fund shares) of U.S. individuals, estates and trusts to the extent that such person's "modified adjusted gross income" (in the case of an individual) or "adjusted gross income" (in the case of an estate or trust) exceeds certain threshold amounts. This Medicare tax, if applicable, is reported by you on, and paid with, your federal income tax return.

Backup Withholding. By law, if you do not provide the Fund with your proper taxpayer identification number and certain required certifications, you may be subject to backup withholding on any distributions of income, capital gains, or proceeds from the sale of your shares. The Fund also must withhold if the Internal Revenue Service instructs it to do so. When withholding is required, the amount will be 28% of any distributions or proceeds paid.

State and Local Taxes. Fund distributions and gains from the sale or exchange of your Fund shares also may be subject to state, local and foreign taxes.

Non-U.S. Shareholders. Shareholders other than U.S. persons may be subject to a different U.S. federal income tax treatment, including withholding tax at the rate of 30% on amounts treated as ordinary dividends from the Fund, as discussed in more detail in the SAI.

This discussion of "Dividends, Distributions and Taxes" is not intended or written to be used as tax advice. Because everyone's tax situation is unique, you should consult your tax professional about federal, state, local, or foreign tax consequences before making an investment in the Fund.

Organizational Structure

RBC Funds Trust, formerly known as Tamarack Funds Trust, was organized as a Delaware statutory trust on December 16, 2003. Overall responsibility for the management of RBC Funds Trust is vested in the Board of Trustees. At its inception in 1998, the Access Capital Strategies Community Investment Fund, the Fund's predecessor, elected status as a business development company under the 1940 Act, but withdrew its election on May 30, 2006, and registered as a continuously offered, closed-end interval management company under the 1940 Act. The predecessor fund was reorganized into a series of the RBC Funds Trust, a registered open-end management company under the 1940 Act, effective July 28, 2008. Throughout this Prospectus, where appropriate in light of the context, the term "Fund" includes the predecessor fund.

Financial Highlights

The financial highlights tables are intended to help you understand the Fund's financial performance for the past five years of the Fund's operations. Certain information reflects financial results for a single Fund share. The total returns in the tables represent the rate that an investor would have earned or lost on an investment in the Fund (assuming reinvestment of all dividends and distributions). The financial information has been audited by PricewaterhouseCoopers LLP, whose Report of the Independent Registered Public Accounting Firm, along with the Fund's financial statements, is included in the Fund's annual report, which is available free of charge at www.rbcgam.us or by calling 1-800-422-2766. The financial highlights of the Fund for the periods ended September 30, 2015 and prior were audited by another independent registered public accounting firm.

Privacy Policy

RBC Funds Notice of Privacy Policy & Practices

The RBC Funds recognize and respect the privacy concerns and expectations of our customers, including individuals who provide their nonpublic personal information to the RBC Funds but do not invest in the Funds' shares.

We provide this notice to you so that you will know what kinds of information we collect about our customers and the circumstances in which that information may be disclosed to third parties who are not affiliated with the RBC Funds.

Collection of Customer Information	We collect nonpublic personal information about our customers from the following sources: <ul style="list-style-type: none">• <i>Account Applications and Other Forms</i>, which may include a customer's name, address, social security number, and information about a customer's investment goals and risk tolerance;• <i>Account History</i>, including information about the transactions and balances in a customer's accounts; and• <i>Correspondence</i>, written, telephonic or electronic between a customer and the Fund or service providers to the RBC Funds.
Disclosure of Customer Information	We may disclose all of the information described above to certain third parties who are not affiliated with the Fund under one or more of these circumstances: <ul style="list-style-type: none">• <i>As Authorized</i> — if you request or authorize the disclosure of the information.• <i>As Permitted by Law</i> — for example, sharing information with companies who maintain or service customer accounts for the RBC Funds is permitted and is essential for us to provide shareholders with necessary or useful services with respect to their accounts.• <i>Under Joint Agreements</i> — we may also share information with companies that perform marketing services on our behalf or to other financial institutions with whom we have joint marketing agreements.
Security, Safeguarding and Destruction of Customer Information and Reports	We require service providers to the RBC Funds: <ul style="list-style-type: none">• To maintain policies and procedures designed to assure only appropriate access to, and use of information about customers of, the RBC Funds;• To maintain physical, electronic and procedural safeguards that comply with federal standards to guard nonpublic personal information of customers of the RBC Funds;• To maintain physical, electronic and procedural safeguards for the proper disposal of consumer report information, as defined in Rule 30(b)(1)(ii) of Regulation S-P.
Delegation	The RBC Funds have delegated the responsibility to implement appropriate written procedures for such safeguarding and disposal of consumer report information and records to the Funds' transfer agent and/or any other service provider who may come into possession of such information.

We will adhere to the policies and practices described in this notice regardless of whether you are a current or former shareholder of the RBC Funds.

For more information about the Fund, the following documents are available free upon request:

Annual/Semi-Annual Reports (Reports):

The Fund's Reports to shareholders contain additional information on the Fund's investments. In the annual report, you will find a discussion of the market conditions and investment strategies that significantly affected the Fund's performance during its last fiscal year.

Statement of Additional Information (SAI):

The SAI provides more detailed information about the Fund, including its operations and investment policies. It is incorporated by reference and is legally considered a part of this Prospectus.

You can get free copies of the Reports and the SAI, or request other information and discuss your questions about the Fund by contacting a broker or bank that sells the Fund, or contacting the Fund at:
